Rehabilitation

Customised Rehabilitation for Each Pupil

- Tervaväylä organises rehabilitation to support the pupils' learning, depending on their individual needs.
- The guiding principle in all operations of the school, rehabilitation and boarding facilities is rehabilitative everyday life.
- Goals set for rehabilitation are achieved through multidisciplinary collaboration.
- The specialist physician (M.D.) and the manager of rehabilitation are in charge of organising and carrying out rehabilitation at the school. Our rehabilitation team consists of speech and occupational therapists, physiotherapists, psychologists and a school nurse.
