

VALTERI

Network for learning and
school attendance
support

FINNISH NATIONAL
BOARD OF EDUCATION

What is it all about?

- VALTERI is a national network for learning and school attendance support operating under the Finnish National Board of Education.
- VALTERI supplements municipal and regional support services in learning and school attendance.
- VALTERI supports the implementation of inclusive education by offering a comprehensive range of services in the fields of general, intensified and special support.
- VALTERI consists of the services of six national learning and consulting centres in various parts of Finland.
- The service offered by the VALTERI network can target the needs of individual children or young people, or the needs of an entire working community, municipality or region.

What does Valteri offer?

The services offered by the Valteri network can include, for example

- ✔ consultation visits and counselling for daycare centres and schools
