

Lockers in the classroom and in the hall

Pupils from grade 1 to grade 4 have lockers in the classroom in which they keep the course books, workbooks or notebooks which they do not take home.

In the lockers, in the hall, they leave their clothes and their shoes. At school they have to wear slippers.

Pupils from grade 5 to grade 9 use lockers in the hall in which they leave their clothes, shoes and the books or notebooks they do not need on a particular day school day. They just take home the material they need for their homework or to study.

Each pupil has a key and is responsible for the locker during a particular school year.

They are given a different locker every school year.

At school all the pupils wear slippers.
