

Target Cards

Target Cards are used to present the 3 main targets for each child. These are changed every term, or updated when a child has achieved their target.

Below is an example of what one could look like:

John

Spring Targets 2015

- John will construct 3 subject-verb phrases in response to pictures or puppets in class
- John will independently cut along a thick line at least 10cm long
- John will consistently exchange a coin for a chosen object at the "Blue Table Tuck Shop"

Keywords: Autism, Target Cards
